To Whom It May Concern:

It is our pleasure to present the Placer County Sheriff's Council. The Council was created in 2004 as a non-profit group dedicated to supporting the Placer County Sheriff's Office through fundraising for equipment and other needs outside of the Sheriff's budgetary constraints.

The Placer County Sheriff's Council is comprised of local businesspeople who share a desire to be involved in the support of the Placer County Sheriff's Office, helping to safeguard the citizens of Placer County. We are committed to investing time and resources into the Placer County Sheriff's Office, assisting in the Sheriff's mission of maintaining quality of life and ensuring Placer County is a safe place to live, work and visit.

The Placer County Sheriff's Council has made an exceptional impact over the last sixteen years by purchasing Tasers, Rifles and other equipment used by Deputies every day.

Most recently, the Sheriff's Council purchased equipment for the Sheriff's UAS (Unmanned Aerial System) program.

Your help with a donation of any amount will support the Placer County Sheriff's Office.

Thank you for your time and consideration.

Sincerely,

Marcus V. Graziano
President
